i-SITE VISITOR INFORMATION

i-SITE is New Zealand's official visitor information network, with over 80 individual offices nationwide. The network is coordinated by Tourism New Zealand, while all information centres are operated by local organisations underpinned by local government. **Click on the link below** and it will give you all the information you need to know – places to visit, places to eat, accommodation etc. They are located at the Town Basin a popular place to wander around with cafes, souvenir shops, ice cream, and restaurants and is just across the road from the pools.
